Recron[®]
Fibrefill
Micro-denier

**Cosy & Luxuriously
Comfy**

'Cosy & Luxuriously Comfy' Recron® Fibrefill Micro-denier brings to you bedding products with cocoon-like comfort as these can be 'reshaped' and 'hugged'. Recron® Fibrefill Micro-denier adjusts to the movement of the head and neck for soothing support.

Feathery Touch

Recron® Fibrefill Micro-denier are ultrafine bands of fibres, made with the special in-house R&D technology of Reliance. This technology ensures that the fibres are extra soft and have a feathery touch and feel. In combination with a high thread count micro fabric tick, it provides blissful comfort.

Superior Adaptability

Recron® Fibrefill Micro-denier adapt to the shape of the body and also spring back to original shape immediately after. That is to say, Recron® Fibrefill Micro-denier products are flexible, provide optimal support to the user and retain shape for longer.

Odourless. Non-allergic

Unlike natural down and feather, Recron® Fibrefill Micro-denier are odour and allergen free, making them completely safe for use.

Superior Thermal Insulation

More number of fibres in a given GSM means higher Tog values for wadding/quilts/duvets.

End Uses:

Ideal for premium fill products such as pillows, cushions, quilts/comforters, baby beds, insulations, etc.
